

# CLASSIC GATES AND PANELS

**Classic 52-inch Gate with Lever Latch**

Made to the same heavy-duty specifications as our Classic Panels, and featuring the same Classic Five-Year Limited Warranty, this gate is a must for crowding situations. Like the Classic Panels, this gate can withstand large amounts of pressure and spring back to its original shape. The hinge is another key ingredient in the formula for strength. Made of 1/4-inch x 3-inch steel, these 180-degree hinges can be mounted to wood or welded to steel posts. A double-piston lever latch provides opening ease while on the ground or on horse back.

## CLASSIC 52" LEVER LATCH GATE SPECIFICATIONS

Height Overall . . . . . 52"  
 Frame . . . . . 1.66" O.D. Tube, 13-gauge  
 HORIZONTAL RAILS:

032-00012	12' x 52"	2	138 lbs.
032-00014	14' x 52"	2	156 lbs.
032-00016	16' x 52"	3	181 lbs.
032-00018	18' x 52"	4	207 lbs.
032-00020	20' x 52"	4	226 lbs.

## High Tensile steel adds superior strength and durability which is 66% stronger than most common steel panels

Legendary in strength and backed by a Classic Five Year Limited Warranty, Powder River's Classic Panels are made from 14-gauge High Tensile Steel formed into our exclusive "Pentagonal Rail." These rails are surrounded with a 13-gauge frame, making them strong durable panels with an amazing ability to take large amounts of pressure and spring back into their original shape. Vertical stays on both sides of the panel increase the panel strength. Recommended for high-pressure applications, these panels will outlast any commercial steel panel on the market today.

Flat surface  
less bruising

**Classic 64-inch Panels**

## CLASSIC PANEL SPECIFICATIONS

Height Overall . . . . . 64"  
 Frame . . . . . 1.66" O.D. 13-gauge Tube  
 5 Pentagonal horizontal rails  
 14-gauge High Tensile Steel material

Order No.	Description	No. Stays	Weight

022-00010	10' Classic Panel	1	116 lbs.
022-00012	12' Classic Panel	2	145 lbs.
022-00014	14' Classic Panel	2	164 lbs.
022-00016	16' Classic Panel	3	189 lbs.

## HIGH TENSILE STEEL

### Why Buy Classic Gates and Panels?

1. Classic Pentagonal Rail and Vertical Stay are made of 14-gauge High Tensile Steel which is 66% stronger than mild steel which is used in most tube gates and panels on the market today.
2. The engineered superior design of the pentagonal open rails and formed stays adds substantial strength and durability.
3. The design and engineering of our "classic" line of gates and panels gives us the confidence to extend an unsurpassed 5 year limited warranty.
