

HORSE FEEDERS

Horse Round Bale Feeder

Order No.s 040-05000 w/o legs, 040-05010 w/legs

Our Round Bale Feeder is perfect for horses. The 16-gauge dividers are braced with a 14-gauge stay that increases strength and durability. The bottom pan measures 8 feet in diameter and is rolled from one piece of 14-gauge sheet.

The vertical dividers reduce hair loss due to rubbing.

FEATURES AND SPECIFICATIONS

- ✦ Available with or without legs
- ✦ Weighs 219 lbs. without legs, weighs 224 lbs. with legs
- ✦ Painted Powder River green
- ✦ Durable 14-gauge and 16-gauge steel construction
- ✦ 8 feet in diameter
