- 12' Panels 62 lbs.
- 64" Tall
- Quick Pin and Clip Connectors
- 14 Gauge Heavy-Duty Vertical Supports

### How to Calculate Your Round Pen

To calculate the number of panels needed multiply the desired diameter by 3.14. This will determine the circumference. Divide the circumference by the length of the panels being used. This will equal the number of panels needed.

**CIRCUMFERENCE:** The distance around the circle

**DIAMETER:** Straight line passing through the center of the circle

Panel Length	DIAMETER OF HOLDING AREA (feet)																			
	20'	25'	30'	35'	40'	45'	50'	55'	60'	65'	70'	75'	80'	85'	90'	95'	100'			
10'	6	8	9	11	13	14	16	17	19	20	22	24	25	27	28	30	31			
12'	5	7	8	9	10	12	13	14	15	16	18	20	21	22	24	25	26			
16'	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
